

THE NEW ŠKODA

# FABIA

5

**ŠKODA**  
SIMPLY CLEVER

# A CLASSIC, REMASTERED

The new ŠKODA FABIA is everything it always was, and so much more. Its iconic status as the urban transport of choice has been reinforced with design and technological upgrades that make it life-proof.

A new grille as well as a new front and rear bumper design dresses the FABIA for a more dynamic first impression. The refreshed interior with new upholstery options makes this car a lovely place to spend time in. Safety features like Blind Spot Detect, Rear Traffic Alert and Auto Light Assist give you more confidence on your drive. Its suite of connectivity features ensures you stay in touch with your phone, friends and the online world wherever you go.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

# SHARPER, SLEEKER, SMARTER

Unmistakable. Unmissable. With a new grille as well as a new front and rear bumper design, new headlamps and optional LED lighting, the new FABIA will announce your arrival at every corner.

## LED HEADLAMPS

Every new FABIA boasts headlamps with eye-catching strips of LEDs for daylight driving. The top-end option is all about LED technology. The LED headlamps include LED corner function and AFS (Adaptive Frontlight System), which adjusts the lighting intensity to specific conditions (e.g. city, motorway or driving in the rain).

## PANORAMIC ROOF

The attractiveness of the car can be highlighted with the panoramic glass roof, which stretches all the way from the windscreen to the roof spoiler and brings you the feeling of freedom and even more space.

## REAR VIEW

The familiar C-shaped illumination is a typical feature of the ŠKODA brand. In addition, the rear lights can be equipped with LEDs. Cat's eye reflectors for better visibility of the car also feature in the new FABIA.

## ENJOY YOUR STAY

Shut out the chaos when you shut the door. New dashboard decors, upholstery options and plenty of refinements ensure you stay comfortable while staying in control.

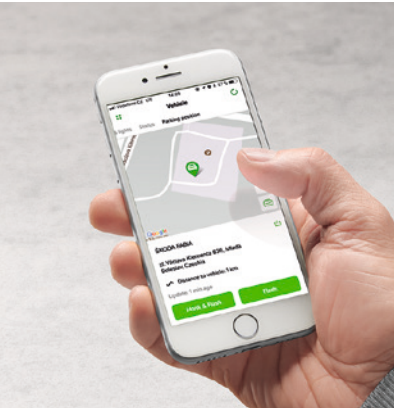

# ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Stay connected wherever you are. Being fully and permanently online means not only having access to entertainment and information, but also possible assistance while on the move. ŠKODA CONNECT is your gateway to a world of unlimited communication possibilities.

**ŠKODA CONNECT**  
This offer includes two categories of service. While Infotainment Online delivers real-time information to navigation about traffic, for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

**PARKING POSITION**  
Retrieve the exact location of your car in large car parks from anywhere, by displaying the address, time and date of parking on your mobile phone.

**DRIVING DATA**  
Information about your journey, such as average consumption, average speed, distance and journey time, is stored. You can display your personal driving data and have an overview of all your trips.

**EMERGENCY CALL**  
The SOS call is placed automatically during an emergency where the restraint system has been activated. This emergency system can also be activated manually by pressing the red button on the roof console.

**ONLINE TRAFFIC INFORMATION**  
Always take the best route: up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams.

**WEATHER**  
Get the latest weather report for your current location, destination or anywhere else with detailed forecasts, including precipitation predictions and warnings.

**SMARTLINK+**  
With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

# PUT EXTRA EYES ON THE ROAD

Travelling is safer with an alert co-driver. Hence the new FABIA comes with plenty of assistants allowing you to react to any situation promptly. Some of the systems can even prevent an impending collision all by themselves.

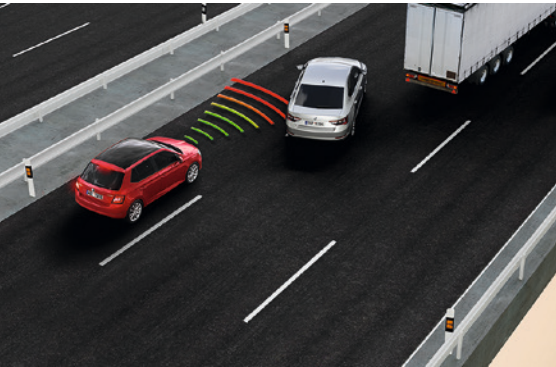

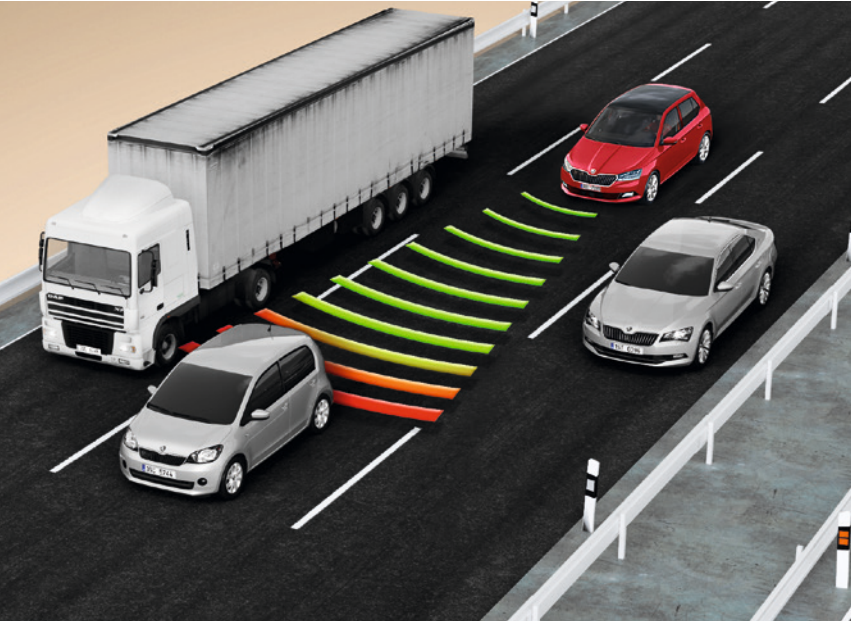

## AUTO LIGHT ASSIST

Your Light Assist will automatically switch to high beam and back, increasing comfort and safety in traffic.

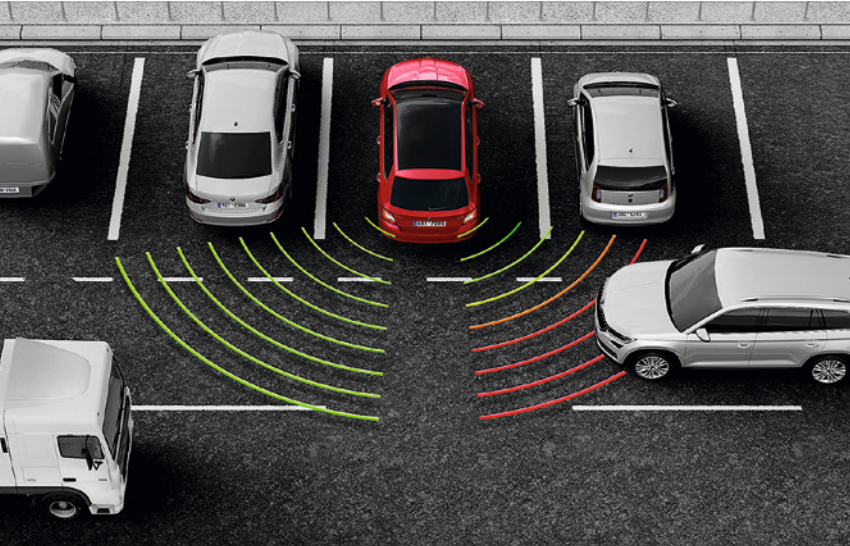

## ADAPTIVE CRUISE CONTROL

Using a radar device in the front bumper, the ACC, besides maintaining the preselected speed, maintains a safe distance from vehicles in front of you.

## FRONT ASSIST

This assistant system is designed to monitor the distance from the vehicle ahead, including automatic deceleration and braking. Just like the ACC, Front Assist uses the radar device in the front bumper.

## REAR TRAFFIC ALERT

This assistant, which comes as part of the Blind Spot Detect system and uses the same radar sensors, helps you reverse safely from a parking space during poor visibility.

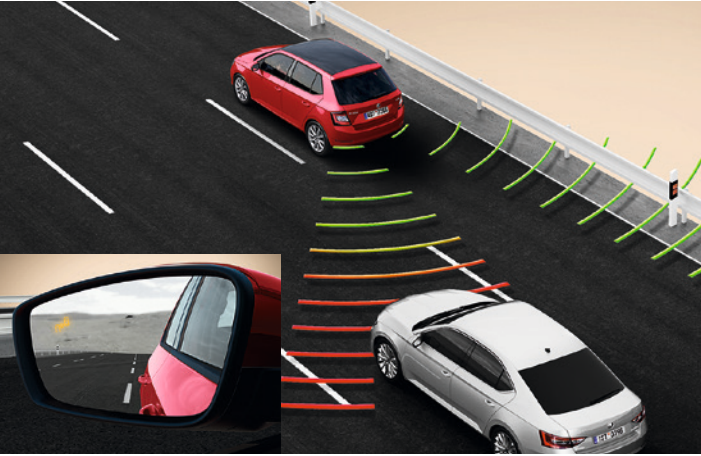

## REAR-VIEW CAMERA

Your car can also be equipped with a rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

## PARK DISTANCE CONTROL

Parking the FABIA is easier and safer with the parking sensors integrated in the front and rear bumper, which check the car's distance from any obstacles.

## BLIND SPOT DETECT

Using radar sensors in the rear bumper, Blind Spot Detect monitors the blind areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

# A PLACE FOR EVERYTHING

A place for everything and everything in its place. The new FABIA is loaded with Simply Clever features that pop up all around the car, providing even more practicality.

## FRONT ARMREST AND CENTRE CONSOLE

While the front armrest features a hidden and closed compartment, the centre console offers a place for small items you want to keep close at hand. The lighting for the centre console will make the interior more cosy.

**USB**  
On the rear part of the front armrest you can find two USB slots enabling mobile phone charging.

**LED FLASHLIGHT**  
A practical removable LED flashlight (exclusively for the combi version) can be found on the right side of the luggage compartment. It recharges automatically while the engine is running. This flashlight also serves as regular boot lighting. Opening the 5th door automatically turns it on.

# SPACE FOR ANYTHING

The luggage compartment in the new FABIA isn't just about volume. It's about how cleverly the space is organised and maximised so your possessions can be transported carefully and securely.

## RETRACTED SHELF POSITION

For easier loading of large items in the hatchback version, you can put the luggage compartment shelf in the retracted position. After unloading it can easily be returned to its original position.

## LOWER POSITION SHELF

The luggage compartment shelf in the hatchback version, when fixed in the lower position, allows you to transport fragile objects, for example.

## FOLDING HOOKS

Your shopping will be safe from spilling out of the bags when hung on the hooks.

## NET PROGRAMME

A set of nets in varying sizes will keep order in your luggage compartment and will prevent luggage from sliding around.

## DOUBLE FLOOR

This special equipment for the combi version places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.

# MONTE CARLO

## ENTER AN EXCLUSIVE CLUB

Take the successful history of ŠKODA cars at the legendary Monte Carlo Rally. Mix it with the style and glamour of the principality. And you get the exciting ŠKODA FABIA MONTE CARLO. The car features black exterior as well as interior elements, which give it a unique style and a ferocious expression. It's time to go all in.

#### IMAGE DISCLAIMER

The images presented in this catalogue (brochure) are used for illustrative purposes only and are not intended to form part of any contract or warranty. They display pre-series cars and certain illustrations, features, parts and equipment may differ from the actual production cars and from country to country. To get the exact specification of features, parts and equipment, please get in touch with your nearest local ŠKODA dealer.

#### MyŠKODA App

Get your very own personal digital companion. Download MyŠKODA App featuring PAUL, an interactive assistant who's there to help you, not only with watching over your car, but also with managing your day.

#### ŠKODA Connect App

Enjoy full control of your car. Download ŠKODA Connect and access all necessary features anytime, whether it's driving data, fuel range, planning a route or even where you last parked.
