

ŠKODA CITIGO^e iV ACCESSORIES

ŠKODA
SIMPLY CLEVER

BE 'EARTH-MINDED' WHILE ENJOYING THE DRIVE

Finally, you have got the option to drive without the concerns about environment. ŠKODA has unveiled the first fully electric car.

The power source of the ŠKODA CITIGO-e iV is a Li-ion battery with a capacity of 36.8 kWh, allowing the customers to travel up to 265 km on a single charge. There is no doubt it is enough for your needs you may have with this car.

Despite a length of 3,597 mm and a width of 1,645 mm, the smallest car from ŠKODA offers ample space for up to four passengers and a 250l luggage compartment. Every car detail that matter in your lifestyle is possible to impress by adding our accessories you like.

Take care about your surroundings. Do not generate any emissions. It's so easy with this perfect vehicle for modern cities.

That's Simply Clever. That's ŠKODA.

CHARGING

ŠKODA iV Charger
ŠKODA iV Charger Connect
ŠKODA iV Charger Connect+
Powered by Elli ⚡

the offer and method of purchase varies by country

The ŠKODA "wallbox" is a wall-mounted charging point for ŠKODA passenger cars. It currently offered in three variants, all of which draw on AC to charge the car with power of up to 11 kW.

Charging cable bag

000 087 317BQ

A practical accessory for any electric car, used for carrying the charging cable.

Charger cable cleaner

000 096 150F

000 096 356G | spare sponges

The charger cable cleaner is used for cleaning and/or drying the cable before placing it in the interior of the car or a bag.

Cable for home charging

available as a spare part

The MODE 2 cable is a great solution for customers who need to charge their car from regular „home“ socket. The cable length is 6m (including the charging case).

Cable for public charging

available as a spare part

The MODE 3 cable is for public charging networks. This product is for charging stations that don't have a charging cable or are equipped with an unsuitable one. The cable length is 6m.

CONNECTIVITY

MyŠKODA

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away. Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA application you can go even further in interaction with your vehicle.

Use the application to remotely check the status of the vehicle, display its parking position, check the cruising range, manage charging of the battery or control vehicle's air conditioning. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time. It offers also insight to the vehicle manual, quick tips for using the vehicle and its accessories or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠKODA application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). ŠKODA Connect features are available based on ordered service bundle - Remote Access.

CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

**Practical
and variable**

**Perfectly
verified**

QUALITY THAT HOLDS AND LASTS

Textile floor mats undergo the heel test that stimulates the action of the driver's foot on the accelerator. Also undergo the load test that stimulates a long driving test.

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data. Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice.

Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
