## Your new space to explore

Your car should be your family's second home on the road. A partner to explore the world. A tool to make your life smarter. Škoda Kodiaq does all that. And more.

In the new Kodiaq, the bigger size means more space for passengers in all three rows. New technologies of infotainment, smarter controls, and comfort features like Ergo seats with improved massage function will make your time aboard more enjoyable.

With the new engine line-up now including the mHEV and plug-in hybrid versions, you can live and drive smarter. The new dual-valve DCC Plus adaptive suspension offers an even better combination of driving dynamics and comfort.

That's the smart way of family life. That's what we call Škoda.

## Bigger. Bolder. Better.

The longer length not only provides more space for you and your family. It also allows for a sleeker, more elegant profile, underscored by details like the gloss black trim around the upper part of the window and D-pillar in Unique Dark Chrome finish. Proof that even practicality can attract admiring looks everywhere you go. Your family's stylish partner for exploring the world.

### LED Matrix beam headlights

Crystal clear view with a Crystallinium style. Top LED Matrix system provides great visibility even with other cars around. The coloured crystalline element accentuates the sharp contours of the headlights, adding a touch of elegance and visual appeal.

### Front grille with horizontal light strip

To grab even more attention on the road, the new wider and bolder grille has its vertical slats illuminated by LEDs. This makes the new Kodiaq an unmistakable sight when driving at night.

### **Virtual Pedal**

Full hands are not a problem anymore. With Virtual Pedal, just a swing of the foot under the bumper is enough to open the door. Available in combination with KESSY and electric 5th door.

### **KESSY Advanced**

Never forget to lock your car ever again. KESSY is not only able to lock and unlock the car just by you touching the front handle. In its latest iteration, it also uses the 'Open on Approach and Walk Away Locking functions', where the car automatically unlocks when approached and locks again when you walk away from it.

## Space for the digital age

Digital yet tactile. Stylish yet sustainable. With the new interior concept, the Kodiaq makes the best use of both the latest technologies and tried and tested tactile controls. The new materials are attractive to look at and pleasant to touch, yet made of environmentally-friendly materials. The combination of large touchscreens, Škoda Smart Dials, and column mounted shifter allows for a clean centre console with ample storage. The leather is manufactured using a discarded coffee husks as a natural tanning powder, while the fabric is made from recycled materials. This allows you to enjoy comfort and pleasant atmosphere while being friendly to the environment. The ambient lighting can be set up to adapt the interior to your current mood. Every single detail contributes to the unique atmosphere on board.

### Head-up Display and Virtual Cockpit

All the key information right in front of you. The standard 10" Virtual Cockpit offers driving data in easy-to-comprehend, customisable view. In addition, the Head-up Display can be ordered, showing the most crucial information and navigation guidance right on the windshield.

## Information. Communication. Entertainment.

Be connected to the world around. The new Kodiaq creates a digital environment around you, carefully curated so that what's most important is right in front of you, while the large screen displays items that require detail.

### Infotainment screen

The world at your fingertips. With the 13" touchscreen, the new Škoda Infotainment offers an even clearer way of displaying all the information and entertainment features that will make travelling a truly enjoyable experience.

### Display cleaner

Screens always clean and shiny. Easily remove smudges and fingerprints from the infotainment display or any other shiny surface. Display cleaner is neatly stored in the centre console, so it's always easily on hand any time you need it.

## Never lose connection

Everything is just a touch away in today's digital world. Use the infotainment screen to set up the car, find your way to your destination or see traffic information. You can also use your mobile device for remote access to information about your car, such as the state of charge, fuel level or whether the doors are locked or unlocked.

## Always connected

The infotainment screen is not just larger than ever before. It also offers access to even more features, like the set-up for improved ambient lighting, in a brand-new, smooth virtual environment. Explore the world in a digital way.

## Always charged

A first for Škoda: the new Kodiaq offers wireless charging for two smartphones with ventilation to prevent your devices from overheating and charging power up to 15 W per phone.

### Space for seven

Even more space for your family or friends. The new larger interior offers comfortable seating in three rows with more room than ever before. The passengers in the third row get an extra 15 millimetres of headroom compared to the previous model.

**Turn Assist**

Automatically activated when the vehicle is turning, this system uses front sensors monitoring the area in front of the vehicle. This allows it to prevent collisions with the oncoming traffic that could've been overlooked by the driver.

**Even safety can multitask**

The Travel Assist system combines Predictive Adaptive Cruise Control (PACC) and Adaptive Lane Assist functions. For maximum safety, the system must be constantly monitored by the driver. That's why a capacitive steering wheel detects the driver's tactility, providing an interactive interface to the system. If the driver is not engaged in driving, the system issues a visual and audible warning and eventually disengages.

**Exit Warning System**

To make exiting the parallely parked vehicle safer and easier, the Exit Warning System monitors the area behind the car using the two nanoradars under the rear bumper cover and warns driver or passenger that a vehicle, a pedestrian or a cyclist is approaching using visual signals.

This is an illustrative image depicting an assistance system feature and does not represent any specific Škoda model.

### Remote Trained Parking

Train your car to perform a parking manoeuvre and oversee the process from the outside. Remote Trained Parking is a highly advanced parking assistant which enables the car to perform familiar parking manoeuvres without the driver being present in the car. First, the driver performs the parking manoeuvre and saves the route to the system's memory. For example, it records the route from the entrance to your property to a parking space. After that, as soon as the car recognises the scanned route, it will ask you via the infotainment whether it should take control. Following your approval, the vehicle will park itself, as long as you stay next to it and monitor the process for safety. You simply monitor it from the outside, using your phone app.

## Finding its own space

Could parking be any easier? The new Kodiaq is able to find you a space and park in it. It can also be taught to park in a spot of your choosing.

### Intelligent Park Assist

Let your car find and offer you parking spaces. Select one and then just sit back and watch. The Kodiaq will autonomously drive itself into the parking space, without the driver having to touch the wheel or pedals.

This is an illustrative image depicting an assistance system feature and does not represent any specific Škoda model.

### Loft interior

Recycled Yocto melange fabric upholstery,  
pad and door insert  
Deep black décor  
Leatherette door and middle armrest

## Design Selections for the interior

With Design Selections, you can create a space that suits your style and personality. Each Design Selection tastefully pairs upholstery materials and colours with dashboard décors, specific details, and even comfort features. Select the design that suits you best!

### Design Selection Loft

Grey seats upholstered in recycled fabric are the prominent feature of this interior. The overall look is underscored by cross-stitching on the recycled Yocto melange fabric dash pad and Deep black décor.

### Lounge interior

Suedia dash pad, armrests and door inserts  
 Dark Cork Grey décor  
 Suedia, leatherette and recycled wool fabric seat upholstery

### Design Selection Lounge

Enjoy the interior that not only feels natural, but is also nature-friendly. The recycled wool, used on the seat upholstery, has been tested and approved by The Woolmark Company in accordance with its quality certification process. A wool certificate label is integrated into the seat and visibly symbolises the sustainable approach. The overall luxurious

feel of the interior is further enhanced with combination of Suedia and leatherette on the seats and the Suedia accents that compliment the Dark Cork Grey décor on the dashboard and door inserts. The contrasting yellow stitching around the interior adds the unmistakable visual style.

### Suite black interior

Black leatherette pad, armrests and door inserts  
Swan drawing Grey décor  
Black leather/leatherette upholstery

### Design Selection Suite black

Black leather tanned using discarded coffee beans dominates the stylish interior. The overall look is highlighted by grey cross-stitching on the dash and Swan drawing Grey décor, underscored by ambient lighting.

### Suite cognac interior

Cognac leatherette pad, armrests and door inserts  
Swan drawing Grey décor  
Cognac leather/leatherette upholstery

### Design Selection Suite cognac

Cognac leather tanned using discarded coffee beans dominates the stylish interior. The overall look is highlighted by cognac cross-stitching on the dash and Swan drawing Grey décor, underscored by ambient lighting.

Sportline

## Back in black

Designed for those who want to stand out from the crowd. People with a dynamic lifestyle who want a sporty-looking car. That's the new Kodiaq Sportline. Sporty style for the whole family.

### Dynamic style

A fast look for every day. The Kodiaq Sportline is easily recognisable thanks to its gloss black accessories. Black items, such as the front grille, D-pillars, side mirrors, and roof rails, plus all the lettering, create a more streamlined and sporty look.

The Sportline is also fitted with aerodynamic front bumper, body-coloured side sills, and black rear diffuser with Unique Dark Chrome trim piece. The whole look is finished off with 19" alloy wheels.

## Your place to shine

It looks cool, but it's not just about the looks. The Sportline interior was designed around the driver, made to enable you to do your best behind the wheel. The three-spoke, perforated leather multifunctional steering wheel with Sportline plaque, black fabric and black leatherette and perforated Suedia sports seats that hold you even round the sharpest turns, and aluminium sports pedals are all here for you to enjoy the drive. The all-black interior with black headliner enhances your style. The long list of standard equipment makes the Kodiaq Sportline the sporty family car for every need.

### Sportline interior

Suedia pad, armrests and door inserts  
Peter Chrome décor  
Black leatherette and perforated Suedia upholstery

### Design Selection Sportline

The dynamic character of the Sportline interior is centred around the black leatherette and perforated Suedia seats made from recycled material. The unmistakable style is further enhanced by the Suedia pad and Peter Chrome décor.

RS

## When speed runs in the family

The most spacious Škoda with a dose of dynamic DNA. Powered by the new 2.0 TSI/195 kW 4×4 engine and fitted with sporty DCC suspension, it offers a spirited driving experience for the whole family.

### Sporty looks

To match its dynamic personality, the Kodiaq RS comes with striking, sporty looks. You'll immediately notice the gloss black details like the grille, window trim, mirror caps, roof rails, and D-pillar. The larger, aerodynamic front bumper with front intakes and rear bumper with black diffuser and

twin exhaust tips underscore the sporty nature of the car. The final touch comes in the form of the 20" black wheels with bright red brake calipers prominently visible behind them. So the car looks fast, even standing still!

## The space to enjoy the pace

Spacious or sporty? That's not a choice you need to make! Your family can enjoy the roomy and practical interior of the new Kodiaq RS, while you focus on driving. The three-spoke multifunctional sports steering wheel is perfect for hitting that ideal line through a corner. The leather sports seats will keep you firmly in place while offering great comfort on long-distance drives. The red stitching throughout the interior completes the sporty look. The Canton Sound System and acoustic window glass are on hand to let you enjoy the dynamic soundtrack of your choice. The Virtual Pedal and KESSY Advanced allow you to access your car quickly and with ease. Whether you're on the school run or your favourite back road, you can feel sporty. And you'll enjoy the car's sporty looks, even when driving slowly.

### RS interior

Dinamika pad, armrests, and door inserts  
Chrome décor  
Black perforated leather upholstery with red stitching

### Design Selection RS

To create a unique, sporty atmosphere, the black Suedia upholstery of the RS interior pairs with contrasting red stitching on the seats, steering wheel, and dashboard. The captivating look is completed by the Dinamika pad and chrome décor.

### RS Suite interior

Black leather pad, armrests, and door inserts  
Chrome décor  
Black Suedia upholstery with red stitching

### Design Selection RS Suite

For a sporty yet luxurious look and feel, the RS Suite interior uses only the best materials. Black perforated leather with contrasting red stitching on the seats, steering wheel, and dashboard pad tastefully matches the chrome décor.

Plug-in-Hybrid

## Starting with a positive charge

With over 100 kilometres of electric range, the Kodiaq Plug-in-Hybrid can go days without fuel. With its petrol engine, it can cover long distances without recharging.

### Charging port

Easy to reach and conveniently placed, no matter where your charging station is. With cable-locking mechanism and coloured light that shows the charging status.

### Cable storage

You can neatly stow your charging cables under the boot floor. This keeps them always on hand without reducing the useful cargo space.

# Accessories

## Make your car uniquely yours with Genuine Accessories

With a few adjustments, your car can become the ultimate family companion. Tailor your Kodiaq to meet your specific needs and enjoy an exceptional experience with Škoda Genuine Accessories. Enhance the exterior with stylish footboards, sleek mirror caps, and a wide selection of alloy wheels. Inside, you can opt for elegance with premium foot mats or durability with all-weather mats.

Simplify your road trips with numerous practical features. Choose from Smart Holders for bags, clothes, or devices, a door-mounted brush or umbrella, and even a coffee maker. For carrying all your essentials, select from various storage solutions both inside and outside the car, including boot mats, nets, roof racks, and roof boxes.

Moreover, prioritise your safety and that of your passengers – big and small. We provide a comprehensive range of child seats and transport options for your pets. Customise your Kodiaq to perfection for you and your family.
